

## Senior Infrastructure Engineer

Salary £38k - £43k.

CASE Consultants is an award-winning firm of Civil & Structural Engineers founded in Torbay in 1988. Our busy Practice has enjoyed a challenging and expanding workload, acting for clients throughout the South West on a variety of exciting projects with a contract value up to £20m.

Following successful acquisition of the business by Torbay Economic Development Company (TDA) in 2019, we are seeking to expand our Practice and have a vacancy for a Senior Infrastructure Engineer.

As part of the TDA group of companies, our staff enjoy a highly secure and rewarding working environment preparing civil and structural engineering designs for both public and private sector clients. These range from housing, education and infrastructure projects for our principal client, Torbay Council; to healthcare, retail and commercial schemes for an established portfolio of longstanding external clients.

Job Requirements:

- Degree qualified in Civil Engineering.
- Chartered / near Chartered or Incorporated Engineer status.
- A minimum of 5 years' post graduate experience.
- Excellent communication and organisational skills.
- Ability to work to deadlines and multi-task.
- I.T. proficient.
- Experienced in the use of AutoCAD and PDS.
- Competent in the use of WinDes.
- Highly experienced in all aspects of highways and drainage design, including the preparation of Flood Risk Assessments, Drainage Strategies and technical submissions for Section 38, 278 and 104.

As a socially motivated business and part of the TDA group of companies, we offer competitive salaries, flexible working hours, generous holiday allowance, family friendly environment and a pension scheme. In return you will become a valued member of a growing organisation and be presented with great opportunities for career progression.

Salary negotiable depending on experience. Please apply in writing enclosing your CV to:
